- * Technologies: React.js, Node.js, Express.js, MongoDB, JWT Authentication, Tailwind CSS, Bootstrap
- * Developed a full-stack Doctor Appointment Booking System using the MERN stack (MongoDB, Express.js, React.js, Node.js) with JWT authentication for secure login and role-based access control.
- * Designed a responsive, mobile-first UI with React.js, Tailwind CSS, and Bootstrap, ensuring seamless user experience across all devices.
- * Integrated RESTful APIs for appointment management and medical records, optimizing app performance with code splitting, lazy loading, and React Context API for efficient state management and real-time updates.

Full Stack Developer Portfolio | *React.js, Node.js, Tailwind CSS*

In Progress

- * Modern Design & Responsiveness: Built with HTML5, CSS3, and Tailwind CSS for a mobile-first, responsive design that adapts to all screen sizes, focusing on UI/UX for a clean, modern layout.
- * Interactive Features with React & GSAP: Utilized React.js for dynamic rendering and GSAP for smooth animations, creating an engaging, interactive user experience.
- * Optimized Performance with Vite & NPM: Leveraged Vite for fast builds, npm for efficient package management, and applied techniques like code splitting, lazy loading, and image optimization for faster load times and scalability.
- * Version Control & Development Tools: Used Git for version control with GitHub repositories for collaboration, alongside tools like Webpack, Babel, and ESLint for build management, code optimization, and maintaining code quality.

A-RIA Freightways - Logistics Transportation | *HTML, CSS, JavaScript, React.js*

May 2023

- * Designed and implemented a responsive UI with dynamic navigation (Home, Services, Contact) using React.js components. Created visually appealing service sections for Full Truck Load, Part Load, and Containers with modern CSS and Tailwind CSS.
- * Integrated advanced JavaScript features to optimize user experience, leading to the successful implementation of a responsive design that improved accessibility scores by 15% and elevated overall customer satisfaction.
